Pre Bid Clarification			BID RESPONSE	
Sno.	Name of the firm	Query raised	Suggestion given by the firm	BSTBPCL'S Response
1	Singhal Agencies	1. Production capacity of paper mill	There should be minimum capacity of paper mill 250-300MT per day with watermark for timely and smooth supply of paper for your above tender.	No change
		2. Income tax return of 2022-23	Basically Paper Mills are appointed their dealer in almost every States and based on their overall capacity Mills allotted quota of procurement of paper per month. And finally Paper mills are the sole authority to provide the paper in such a huge requirement. 	<p>32 विना रण्य शिप्टर सिप्टर वर</p>	<p>/We must state that in the published tender there are many sections and clauses which provides for the use of "70 gsm Text Paper Maplitho Virgin", however, it is pertinent to note that the specification for the quality of paper as prescribed in the tender bid document on Page No. 39- Point No.6 - "Printing Paper" under specification for Printing, binding, Packing and supply of textbook with cover paper, the same requisite specification can be procured by Non-Virgin Recycled Paper.</p> <p>That it is also important to bring to your attention that the Central Government has issued a directive in the form of National Resource Efficiency Policy, 2019 which promotes for the procurement and use of recycled paper products alongwith promotion in the use of recycled products for the resource efficiency of the nation and reducing the nation's liability on its natural habitat which leads to endangering the flora and fauna wildlife of the nation.</p> <p>That the University Grants Commission has also issued a circular in 2019 for the promotion and use of eco-friendly recycled paper products and in the same directive UGC has also recognized that " conditions such as insisting on use of paper made of wood, bamboo, agro based pulp which are virgin pulp are restrictive in nature and such conditions must be avoided.</p> <p>That the question on sue of paper made out of virgin pulp has also been examined by the Hon'ble Bombay High Court in the case of Satia Industries Limited & Anr. Vs State of Maharashtra (Writ Petition 995 of 2011) where the state relied on the circular issued by Ministry of Environment, Forest and Climate Change of Government of India (Communication dated 29 August 2018) for promoting procurement of recycled paper. In this case where the condition for " use of recycled paper was challenged by the petitioners' Hon'ble Bombay High Court dismissed this writ for not holding any merit as the same has already been examined by the Union Government and UGC.</p>	<p>As per corrigendum</p>
